

# A Pilot and AMT introduction to the Internet, and using it for Aviation Safety.

This FREE class is for those of us who do not use the Internet in our day to day activities. We will learn how to set up a FREE email account, how to send and receive email, and access Aviation (including FAA) sites. Class is from 10 am until 2 pm. Please pack a lunch, and plan to visit other attendees during our extended lunch period.

**Directions:** Please call Harry Weatherford @ 405/745-2855 if you would like help enrolling. I would appreciate those receiving this SPANS NOTICE, helping spread the word to our friends, and neighbors who you know could benefit from this training.

## A message from the National FAASTeam Manager

Over 10,150 AMTs earned an AMT Award last year. Will you, this year?

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!
